This Excel 2010 book was written for one purpose: to provide a 100% effective way to teach Excel 2010 skills to new learners with little or no past exposure to Excel. Excel 2010 is a huge application with thousands of features. It could take months, or even years of study to master every one of them. But there's some really good news! The big secret is that office workers who use Excel 2010 every day for a living only use a small part of Excel's huge feature set.
