In the wake of ridding their territory of a menace, Sasha has only one pressing duty left: find more human magic workers. And while it is undoubtedly important on some grand scale, the task is, in itself, surprisingly uneventful. That is, until a strange predator takes an interest in her and Charles on their trek home one evening. In the space of twenty-four hours Sasha’s life goes from mundane to being stalked and threatened. A new shifter has moved into town, and if the whispered rumors are to be believed, something even more sinister is lurking behind, watching and waiting for the right moment to spring. But that isn’t the only element that turns Sasha’s life upside down. She has one hell of a secret that will change her and Stefan’s life forever.

I’d always been different. I saw objects in the night where others saw emptiness. Large, human shaped shadows, fierce yet beautiful, melting into the darkness. I collected secrets like other women collected bells; afraid to fully trust lest my oddities be exposed. Until I saw him. He’d been gliding down the street, unshakable confidence in every step. It wasn’t just that he was breathtakingly handsome with perfect features. Something about him drew me. Sucked my focus to him and then tugged at my body. As his eyes met mine, I was entrapped. No one had noticed him. He’d been right there, just beyond the light, but only I had perceived. I had to know if he was real. Or maybe I really was crazy. And even when my secret box was blasted wide open, dangers hurled at me like throwing knives, I couldn’t stop until I unraveled his true identity. I just had to know.

Jonas isn’t the kind of guy to submit to the expectations of others, even when his life is on the line. So when he wakes up in the cell of a dungeon with torture devices hanging on the wall, he can only think one thing: this should be fun. What he didn’t expect, however, is the beautiful but broken female pitting herself against his resolve. For once, the pain of his past is shallow in comparison to another, and he wants nothing more than to extinguish her pain. When Sasha realizes one of her own has been taken, the gloves come off. Using her ever-expanding resources of both human and non-human magic workers, she sets out to battle the most advanced, most experienced magic worker in the world. Regardless of being completely outmatched, Sasha and Stefan rush to Jonas’ aid.

"I loved the darkness, but I also craved the light. The night called to my magic, the day to my spirit." * * * Sasha has always known she was different, but now she also knows that the shadow men she’s seen all her life, are real. With a life goal of fitting in, Sasha hopes her strange abilities will finally make true friendship a possibility. Unfortunately, her magic doesn’t function like everyone else’s. What she thought would make her belong, sets her apart now more than ever. Stefan, all but promised to a different woman, has tried to keep his mind on his duties instead of the irresistible and free-spirited human. But when she is threatened, he can’t keep his distance anymore. He’ll stop at nothing to keep her safe, and more importantly, make her his. Just when one thing clicks into place, another spirals out of control. Stefan’s clan isn’t the only group that would benefit from an extremely rare type of magic. And their enemies will stop at nothing to get what they want.

The Final Book in the USA TODAY BESTSELLING Series! Charles is a guy that likes to play the field. He's highly sought after in the Mansion, both for his prowess, and his position. He's content to stay the playboy for life, too, steeped in the culture in which he was raised. That is, until he finds himself on a mission with Ann, trying to figure out why shifters are mysteriously going missing. Suddenly things that were so clear cut, get muddled. When Ann succumbs to the danger that is plaguing her kind, all bets are off.

With Sasha as the proclaimed Mage of high ranking power, she can't just slip under the carpet to a peaceful existence. Instead, she must present herself to the Council, a group of white mages who reside over the magical community, governing Stefan's people. There she must prove she has what it takes to be the mage of Stefan's clan, not something easily done. Stefan, too, has been noticed by the large faction of rulers. An alpha leader with a firm hold over his people, he has outgrown in his position, and it shows. Ties to a human mage with a vast well of power, though, has made him a target. Sasha is sought after, and those who want to harness her power will take her by force if necessary. With Dominicus' and Toa's help, Sasha and Stefan must face the trials coming up. Proving themselves is the easy part. Getting out with their lives becomes the challenge.

A magical read by the bestselling author of The Shadow of the Wind. A mysterious toymaker, Lazarus, lives as a recluse in a crumbling mansion by the sea, surrounded by the mechanical beings he has created. Strange lights seem to shine through the mists that envelop the small island where the old lighthouse stands, and somewhere in the woods nearby lurks a shadowy creature. When her mother takes a job as a housekeeper for the toymaker, fourteen-year-old Irene meets Hannah and her alluring sailor cousin Ismael, and what seems like a dream summer begins. But Lazarus's house contains dark secrets and before long Irene and Ismael find themselves entwined in the mystery of the September lights.

"A new star is rising in the fantasy firmament...teems with magic and spine-chilling amounts of skullduggery."–Dave Duncan, author of The Great Game When young Alec of Kerry is taken prisoner for a crime he didn't commit, he is certain that his life is at an end. But one thing he never expected was his cellmate. Spy, rogue, thief, and noble, Seregil of Rhiminee is many things—none of them predictable. And when he offers to take on Alec as his apprentice, things may never be the same for either of them. Soon Alec is traveling roads he never knew existed, toward a war he never suspected was brewing. Before long he and Seregil are embroiled in a sinister plot that runs deeper than either can imagine, and that may cost them far more than their lives if they fail. But fortune is as unpredictable as Alec's new mentor, and this time there just might be...Luck in the Shadows.
