"Software Estimation - Demystifying the Black Art" is a boring book. I read it because I wanted to have tools to discuss the subject, and I think this books accomplishes that. To me, the first and last chapters which dealt with conceptualizing the problem space in general were the most interesting.

~~Coding Horror~~

Dr Pan Pantziarka Bio Email Book review  
Steve McConnell of Code Complete fame, is not joking when he describes software estimation as a black art, though even then he's being generous. An art, even a black one, implies both skill and accomplishment. For most developers software estimation is one part blind panic and the other self-defence.
